## WILD'S "STRAIGHT LINE" INLAIDS

THE most durable, the most reliable and the most satisfactory figured Linoleums are Wild's "Straight Line" Inlaids. Years and years of the severest usage have but little effect upon the clearness and regularity of their patterns. Properly laid, they are almost indestructible.

The best raw materials, a most thorough system of mixing, special patented processes of inlaying, a direct welding pressure of several thousand pounds to the square inch, and thorough seasoning—all combine to make Wild's Inlaids the first in quality, durability and reliability.

Usage furnishes the proof. Further evidence is found in the extensive retail sales, and the tremendous output of the largest and oldest Linoleum factory in the United States.

Price, square yard, \$1.50

DEAR BISSELL—Your sweeper cum safe, and I must say it will worry the dirt off a carpet more sudden and since then my enterprise I have met yet. Me and my wife have had 2 quarrels already who shoo use the deer sweeper neckst.

Yours without a struggle,

JOSH BILLINGS.

P. S.—My wife has rigged a kradle on the top of the sweeper and rides the baby around the room, and hunts for kambrick needles at the same time. Bully for the sweeper.

J. B.

We are headquarters for the Bissell's Carpet Sweeper. Prices, \$2.25, 2.50, 2.75, 3.25 and 5.25

All the local players are in fine fettle and may be expected to play the game of their lives. Fred W. Suitor, secretary-treasurer of the Quarry Workers' International union, left yesterday for Rockport, Mass., where an effort will be made to settle the strike which has been in progress since March 1. At the conference to be held in Rockport, the secretary of the state board of arbitration will be present to confer with Mr. Suitor in regard to an amicable settlement. It is hoped that the meeting will bring about the desired results. The strike has thrown a large number of stone and paving cutters out of employment. From Massachusetts, Mr. Suitor will go to Tenant's Harbor, Me., where he will install a new branch of the union. The new Maine branch will be organized with an unusually large membership.

Mr. Ora Cecil, who, with her four trained leopards, is at the Pavilion the first half of this week, proved to be one of the best attractions ever offered at this very popular little theatre. Except for a few minor squabbles among themselves, the animals worked with a willingness that showed friendship between them and their trainer. The leopards make their appearance in a large semi-circular steel arena, inclosed at the top with animal netting. The act seemed to hold the crowd entranced. There is a fascination about it that keeps one's eyes glued to the cage every instant. One of the animals is a black Indian leopard. While they are known to be the most dangerous of the leopard family, this one obeys his mistress without any of the customary growling or snarling heard from wild animals. Both other acts seemed to please nicely.
